Operation modes:	1 LED, 3 LED, flashing
Weight:	98 g
Dimensions:	80 x 45 mm
Power supply:	hand dynamo
Light source:	3 x 0,2W LED

## Product description

A torch with hand crank dynamo, 3 x 0.2W LED, with charger for mobile phones. A compact and light LED torch powered only by the hand crank dynamo, without batteries - a perfectly reliable tool for all conditions. The torch can recharge Nokia phones, adding to the user's safety. Produces very bright light and operates in 3 modes: 1 LED, 3 LEDs, pulsating light. Operating time: 1 LED after 1 minute of cranking the dynamo - up to 60 minutes; 3 LEDs after 1 minute of cranking the dynamo - up to 30 minutes. Mobile phone call duration after 3 minutes of charging - 2-8 minutes. To prolong battery life, the dynamo should not be cranked for more than 10 minutes.
